**NORTH SOIL ENGINEERING ENTERPRISE** was formed in 1990 as a soil investigation contractor with minimum resources and machineries. The company gradually divested into foundation, slope strengthening and rehabilitation works.

The company was revamped as NORTH SOIL ENGINEERING (M) SDN BHD in 1998 to reflect the expansion which was formerly known as NORTH SOILES (M) SDN BHD between October 2007 and May 2012.

The company is housed in its own story building which is situated at Kepong Prima, along the main Kuala Lumpur Kepong Road.

The Management, professional and office staff totals twenty five. The site management and supervisory staff average about twenty personnel. The company also employs drillers, welders, and plant operators, other skilled and unskilled workers mainly from Bangladesh, Nepal and India. The work force fluctuates from 180 to 210 depending on the returnees at any spastic period.

Today, North Soil Engineering is able to take on the role of a main contractor from medium to large projects and perform project management service to coordinate specialist trades for industrial/ commercial projects. our projects management and execution philosophy is to create detail schedule and resources plan to meet client's project objective, communicate clearly with all project stakeholders, track project progress and fine-tune deviations, supervise closely on quality of work done, complete and commission the project in time.

We take pride in our delivery thus, our clients can always be assured that at all the times only the most experienced and qualified people are serving them prompt and efficient manner.

## OUR VISION

To be recognized as one of the leading geotechnical design & build service providers in Malaysia.

## OUR MISSION

To deliver superior service in the construction industry by meeting or exceeding the industry standards or clients requirements to carry out and complete projects in a timely manner, ensuring attention to quality and specifications.

## CORE VALUES

To instill excellent teamwork through open and effective communications. To provide innovative, technical solutions and timely remedies to clients with commitments to high standards of service, quality, safety and business ethics.

## OUR METHODOLOGY

The firm's objective is to provide every client with a customized professional service integrating our work with the construction process and that of other consultants. Our aim is to provide services of the highest professional standard, which reaps optimum benefits to the client. This is further illustrated throughout our activities where we apply the latest industry standards, techniques and concepts whilst utilizing advanced technology.

**Main activities undertaken by our company are as follows:**

### Foundation Works

- Bore pile
- Micro pile
- Hand Dug Caisson
- Substructure Works
- Under Pinning

### Slope Stabilisation

- Earth work
- Rock Excavation & Blasting
- River Widening
- Ground Anchor
- Gunite / Rock Bolt

### Ground Improvement Works

- Dam Site Grouting
- Compaction Grouting
- Pressure Grouting
- Jet Grouting
- Stone Column

### Geotechnical Investigation

- Soil Investigation
- Instrumentation
- Mineral Exploration
- Dam Exploration
- Reverse Circulation

## THE COMPANY HAS OBTAINED THE FOLLOWING:-

- ▶ **CIDB Grade 7**  
(Ce21, Ce02, Ce36, Ce03, Ce05, Ce24, Ce08, Ce01, Ce33, Ce12) (B04, B14, B05)
- ▶ **Sijil Perolehan Kerja Kerajaan Grade 7**

## OUR MANAGEMENT TEAM

The business is driven by 2 of our working directors, that have more than 35 years of work experience in the construction industry. They are involved in the business development, project management and administration of the company. The management team actively gathers feedback, identifies changes in the business environment, reviews work processes and communicates key learning points and company policy to all staff at regular meetings.

## OUR PEOPLE

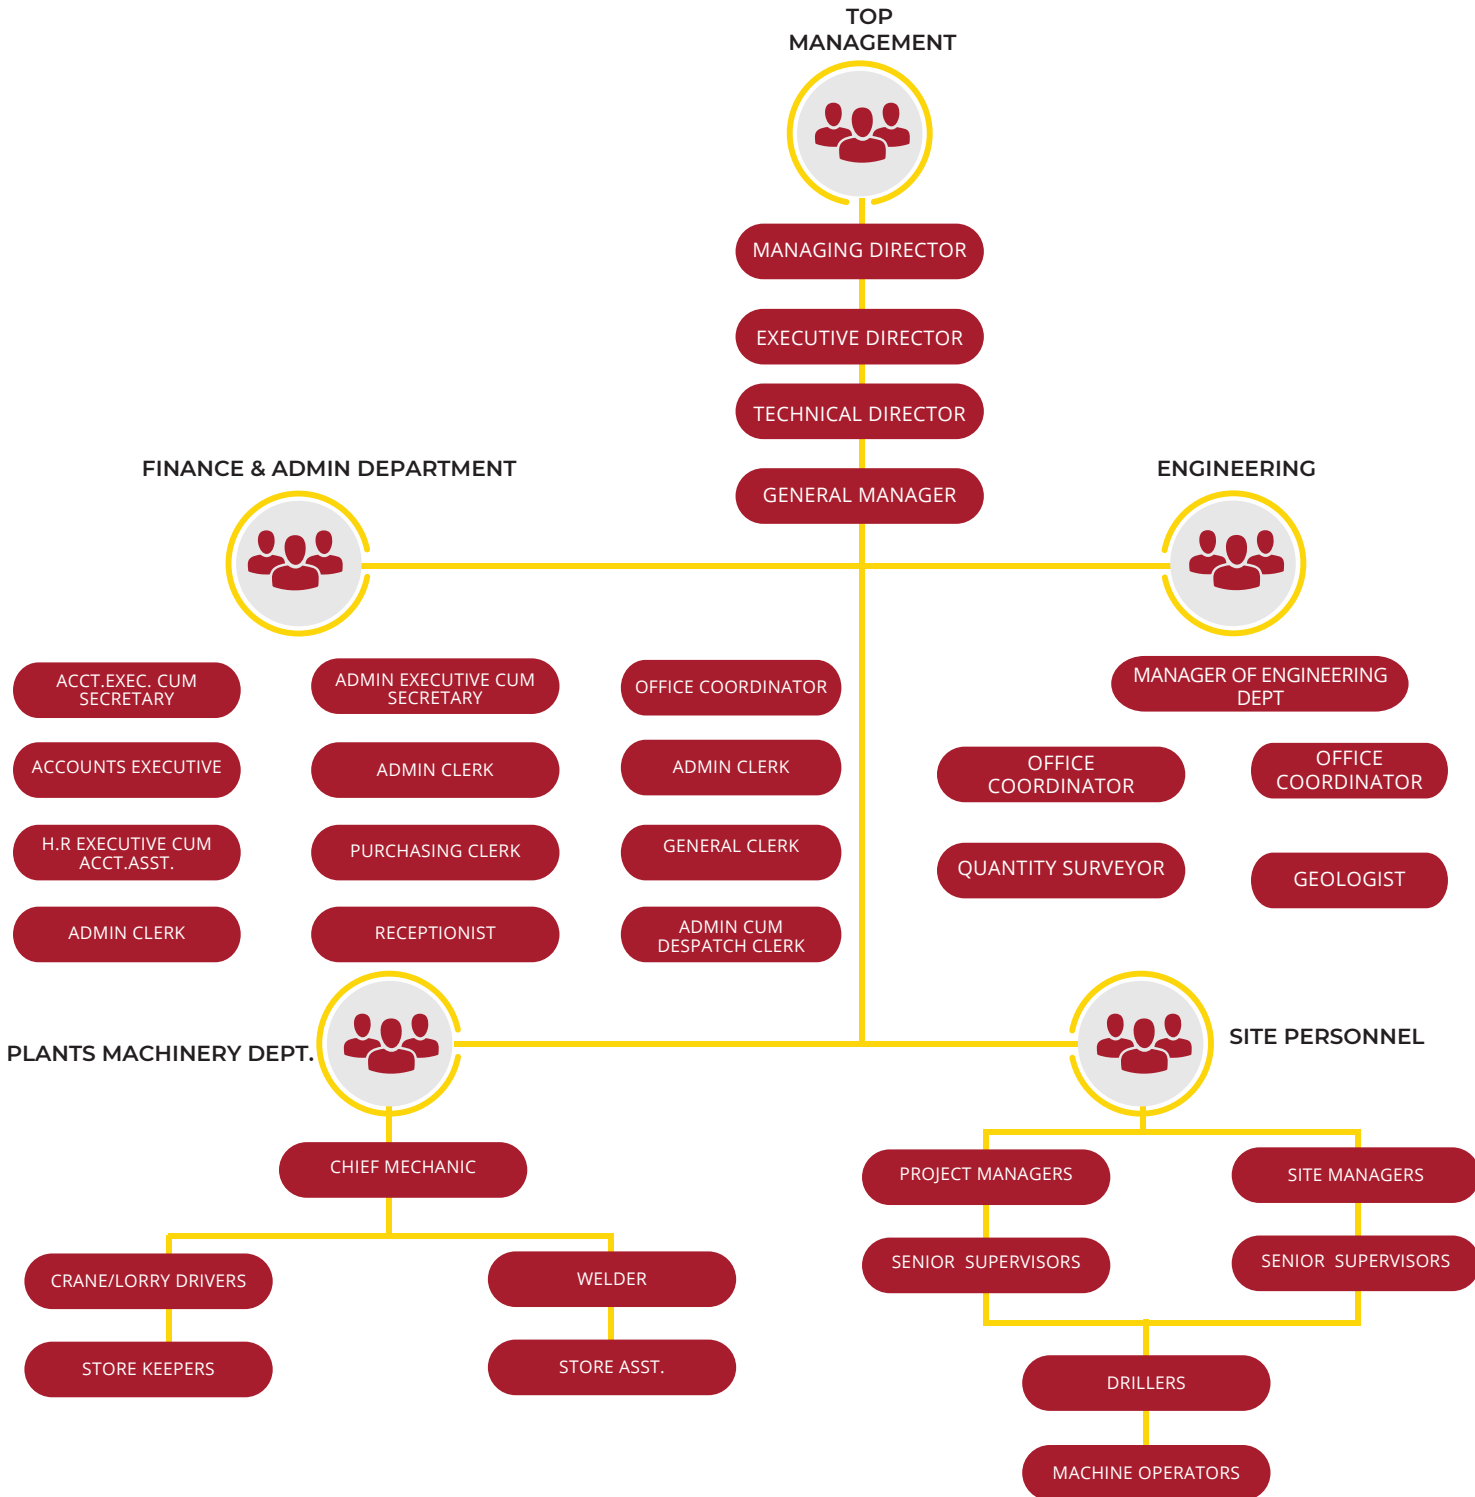

Our people are crucial in the delivery of our service and solution to our clients. In order to ensure that everyone is equipped with the right skill, knowledge and attitude, a comprehensive training programme is put in place to constantly upgrade our people in technical and management skill.

We believe firmly in providing the right training, accredited certification and practical knowledge for our people, in order for them to execute their duties and responsibilities confidently. Our aim is to stay relevant to the ever-changing market place and client's requirement.
